

Senate Meeting – December 7, 2016

Graduate Studies Proposed Report

On behalf of the Grad Studies Committee, I'd like to put forth proposals from the following departments:

Department of Journalism, Communication and Theatre

- withdrawal of THE and COM courses with the exception of THE 796 and COM 770 (to use as transfer courses for programs such as MALS, if needed)
- withdrawal of Master of Arts/Theatre from the graduate bulletin: no record of program being offered or ever approved
- appears there is a listing of this program on NYSED web site, so the department must submit the appropriate paperwork to remove the program from the NYSED registry

Department of Health Sciences

- Course changes (credits and prerequisites): HEA 602; 620; 636; 640; 672; and 673
- MA program/Health Education and Promotion: change in degree requirements and addition of online format for delivery
- MEd/Health Pre-K-12 Teacher: change in degree requirements and removal of sequence

Department of Counseling, Leadership, Literacy and Special Education

- 12-credit Extension in Teaching Students who are Gifted and Talented – addition of online format of delivery and correction of home department

Does anyone have any questions and/or comments?

Our next meeting will on February 8, 2017, at 11 a.m. in Carman B33A.
