

## Commencement Announcement

Dear Graduating Students:

It is our sincere hope that you and your family are well during these uncertain times. Given these circumstances we understand the disappointment many of you and your families may feel about the postponement of commencement. However, a recognition event is being planned to celebrate the achievements of the 2020 graduating class.

We know that many students have purchased graduation regalia (caps and gowns). We have worked with our partners at the Lehman College Bookstore and Herff Jones, our cap and gown vendor, to provide complimentary home shipping for your cap and gown since you will not be able to pick them up in person. If you pre-ordered your cap and gown, you will receive an email soon directly from Herff Jones with the subject “Your cap and gown is coming soon” with information to submit your home mailing address. Should you not wish to receive your cap and gown, they will also provide a link to submit your order for a refund. Herff and Jones have provided detailed instructions and FAQs on the refund process on their [website](#).

In the coming weeks we will be sharing additional news and updates regarding commencement. Please check your email often to receive upcoming communications from our office.

Sincerely,

Stanley A. Bazile, Ph.D.  
Dean of Students  
Lehman College
