The committee heard a proposed resolution for a posthumous degree conferral. The committee voted unanimously to approve the posthumous degree.

The committee discussed the CR/NC resolution that was referred to CAEAS at the last Senate meeting. The committee voted unanimously to charge a subcommittee, whose members were suggested by the Provost and included representatives from each school, the registrar's office, the library and student government, with gathering information about pros and cons of a CR/NC resolution this semester and as a standing policy. The subcommittee will report their findings to CAEAS. In addition, the committee edited, finalized and voted unanimously to send a survey to all students about their thoughts on a CR/NC policy.

Next meeting: TBD

Respectfully submitted,
S. Campeanu
