COLLEGE

School of Health Sciences, Human Services & Nursing

Master of Science in Nursing- Family Nurse Practitioner

The Master of Science degree in Family Nurse Practitioner program at Lehman College is accredited by the Commission on Collegiate Nursing Education (<http://www.ccnaccreditation.org>). The MS/FNP program follows a Cohort Model and is designed for full-time commitment, allowing students to attend classes on campus for just one day a week to ensure successful completion. With a variety of clients in community and health settings, the program prepares nurses for advanced practice. The graduates of this program are qualified for NYS license as a nurse practitioner and eligible to take the national certification exam for FNP.

Admissions Requirements

- Official transcripts for all post-secondary institutions attended
- Bachelor's degree in nursing from ACEN, CNEA, CCNE accredited nursing program or its foreign equivalent from an accredited school
- Minimum gpa of 3.0 in B.S. Nursing
- Two letters of recommendation: A) from a former instructor or academic adviser, B) from a recent employer or supervisor
- 500-word essay outlining career goals, intellectual and academic interest, and accomplishments that support a Master of Science degree in Nursing
- Current professional resume
- Interview with members of the of the graduate admissions committee
- Unencumbered registered nurse license, and current NYS registration
- At least one year working experience as a registered nurse
- Earn graduate-level statistics course with a minimum gpa of 3.0 prior matriculation (this course may be taken during the first term of the program)

Note: If educated in a country other than the U.S. review go.lehman.edu/international-students
