Dear Faculty Members,

As a follow-up to the [communication](#) from CUNY Central regarding digital accessibility requirements, Lehman has launched a [Digital Accessibility website](#) that brings together guidance, tools, and training resources to support faculty in creating accessible digital course materials.

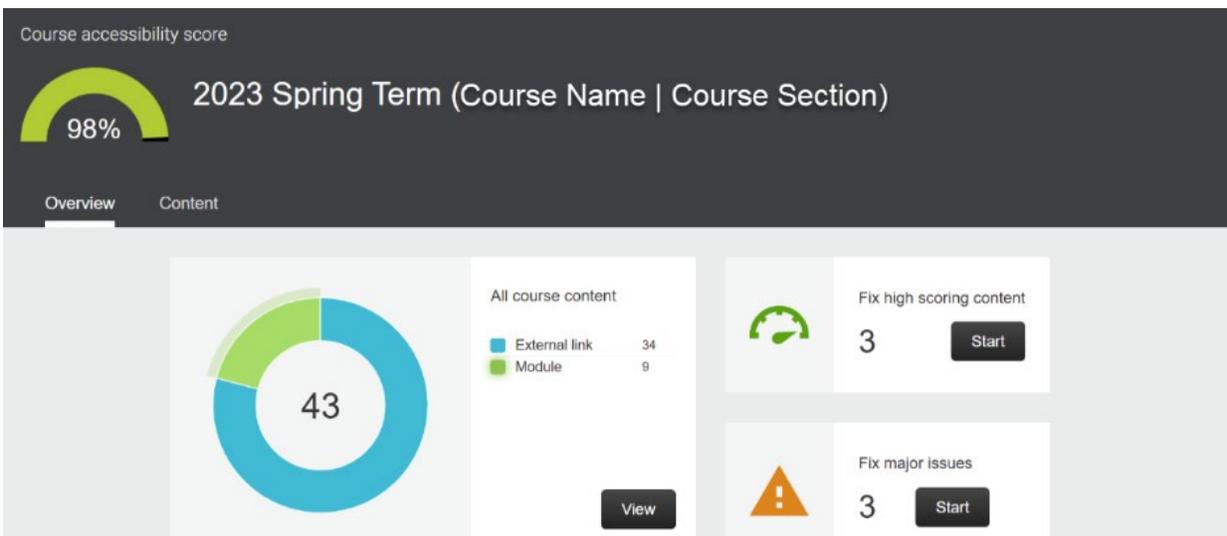

The site, which can be accessed through the Faculty/Staff link on the Lehman homepage, includes a **Faculty Resources section** with practical guidance on:

- Accessibility best practices for courses in **Brightspace**
- Using the **Ally accessibility tool** to review and improve course materials
- Creating accessible documents, PDFs, and course content
- Captioning videos and preparing accessible multimedia

To see your course accessibility score and learn what areas need to be updated, **faculty are encouraged to click the “More” menu in course navigation and select Ally Course Report.**

You will be presented with the following course accessibility dashboard where you will be able to drill down to the specific digital assets needing your attention.

For technical support or assistance, please e-mail Faculty.Help@lehman.cuny.edu

Thank you for your continued efforts to support all Lehman students.

Best regards,

Jorge Silva-Puras
Provost and Senior Vice President for Academic Affairs

Edi Ruiz
Vice President for Information Technology and Chief Information Officer
Lehman College

Sincerely,

Office of the Provost
