COMMENCEMENT SPEAKER AND ALUMNI ACHIEVEMENT AWARD HONOREE

Dr. Sandra Lindsay, St. Joseph's College '98; Lehman College '10

Director, Patient Care Services, Department of Critical Care, Long Island Jewish Medical Center, Northwell Health
First in U.S. to Receive COVID-19 Vaccine

Dr. Lindsay has more than 27 years of nursing experience, most of which have been in critical care. On December 14, 2020, she became the first person in the United States to receive the COVID-19 vaccine.

Raised in Jamaica by her grandparents, Lindsay moved to the United States with her siblings in 1986. In 1993, she graduated from Borough of Manhattan Community College as valedictorian of her nursing program.

She went on to earn a bachelor's degree in nursing from St. Joseph's College; a master of science in nursing from Lehman College; and a master of business administration from Hofstra University. In May 2021, Lindsay completed a doctor of health sciences degree with a concentration in global health and organizational behavior and leadership from A. T. Still University.

She began her career at Northwell Health's Lenox Hill Hospital as an oncology nurse and soon after moved to critical care, where she advanced into multiple leadership roles before becoming, in 2016, director of Patient Care Services in the Critical Care Department of Northwell Health's Long Island Jewish Medical Center.

After receiving the first COVID-19 vaccination in the U.S., Lindsay became a publicly recognized advocate for the vaccine, medical research, and global equity. She has been recognized by President Joe Biden at the White House, and has met with the president of the United Nations and prime minister of Jamaica. She continues to focus her efforts both at home and across the globe.

HONORARY DEGREE RECIPIENT

Natalia Méndez

Community Organizer and Food Justice Advocate
Co-owner, Chef, La Morada, Bronx, New York
Doctor of Humane Letters

Natalia Méndez is the co-owner and head chef of La Morada, a family-owned and Michelin-star bearing Oaxacan restaurant and community hub in the South Bronx that seeks to preserve Indigenous Mexican cuisine while creating sanctuary, family and community for all who enter its doors. Méndez is one among a long line of *curanderas* (healers) and applies her knowledge of ingredients’ nutritional and healing properties to develop her cuisine. True to the saying, “*donde come uno comen dos* (where there is enough food for one, there is enough for two),” she welcomes everyone into La Morada, through which she also connects with New York City Indigenous women in the struggle for immigrant rights, human rights, Indigenous rights and food justice.

After her family battled its own wave of COVID-19 at the beginning of the pandemic, Méndez transformed La Morada into a soup and mutual aid kitchen, providing 1,000 meals daily for several weeks, and later, 650 meals a day to members of a community in need. Méndez and her family not only distributed food aid in the short term, but also seek to reclaim land and utilize community gardens and farms for their ingredients so that more Bronxites may have access to food production and farming. She and her family engage in the pedagogical project of passing on transgenerational information about Indigenous foodways and good food as medicine—as a source not solely for health but also for healing. Her cooking has received numerous awards and recognition and is favored by top chefs. Méndez received the Three Kings Medal by El Museo del Barrio in 2017 for her significant contributions to the Latinx community.

HONORARY DEGREE RECIPIENT

Cleo Silvers

Public Health Advocate, Community and Labor Organizer
Doctor of Humane Letters

Cleo Silvers is a pioneering community organizer who has made extraordinary contributions to public health in the South Bronx. Born in Philadelphia, she attended Lehman College between 1969-1970 before dedicating herself full time to activism and mobilizing students against the Vietnam War.

She was working at Lincoln Hospital’s Mental Health Services department and was a member of 1199/SEIU Hospital Workers Union when she participated in the first of three historic occupations of the hospital. Silvers cofounded the Think Lincoln Committee, a coalition of community members, hospital workers, and Young Lords and Black Panthers, which demanded and won, among other things, the establishment of the Lincoln Detox drug treatment program and requiring full patient consent for treatment or research. (The group collectively penned the Patient’s Bill of Rights, now seen in every hospital room across the country.)

After the first occupation, Silvers joined the Black Panthers and the Young Lords and co-chaired HRUM (Health Revolutionary Unity Movement), which made the initial public calls in the Black and Puerto Rican community for “healthcare as a right” and “free, quality, preventative healthcare for all.” She participated in two additional occupations of Lincoln Hospital, helping to change the course of patient care at public health institutions across the country.

She later became the executive director of For a Better Bronx, a South Bronx-based environmental justice nonprofit organization, and has also served as director of corporate education at Long Island University School of Continuing Education and director of outreach for Mount Sinai Irving J. Selikoff Center for Occupational and Environmental Medicine’s World Trade Center Health Program. In 2010, at the age of 63, Silvers received her bachelor’s degree in Labor Relations from Cornell University School of Industrial Relations (ILR), a collaborative program with the National Labor College. She was class valedictorian.

Congratulations, Class of 2022!

HERBERT H. LEHMAN
GOVERNOR, SENATOR, STATESMAN
1878–1963

Herbert H. Lehman represents the highest standards of honor and integrity in public service. During four terms as governor of New York State and two terms in the U.S. Senate, he strove to abolish social injustice. He opposed discrimination while supporting reforms that protected union membership and established unemployment insurance. In addition, he began programs for slum clearance and construction of affordable housing. As the first director general of the United Nations Relief and Rehabilitation Administration (UNRRA), he supervised the largest relief effort in history with the shipment of more than 25 million tons of supplies to refugees of World War II. In doing so, he created the forerunner of the United Nations High Commissioner for Refugees. UNRRA also led to the establishment of UNICEF, UNESCO, WHO, and other social agencies of the world organization.

Lehman College, the only senior college of The City University of New York in the Bronx, was formally dedicated in Governor Lehman's name on March 28, 1969, the 91st anniversary of his birth. Today, nearly 15,000 undergraduate and graduate students are enrolled in more than 140 degree programs. In addition, another 11,000 people are enrolled in adult degree and certificate programs. Each spring, the College commemorates Governor Lehman's birth, and its dedication in his name, by inviting a distinguished guest to deliver the Herbert H. Lehman Memorial Lecture.

ALMA MATER

There's a college living in the green
Where the young and old and in between
Come to add their luster to the name
Herbert Lehman earned before they came
And because of what its children give
Lehman College finds the strength to live
As a whole nobly greater than its parts
And alive forever in their hearts
Oh may you, Alma Mater,
Grow in stature through the years
And cherish those who come to you
With hopes and dreams and fears
A home in which they learn to be
Honest heirs of a precious legacy
Of beauty, truth, and eternal youth
In mind and spirit free
