Dear Faculty and Staff,

As you may have heard by now, CUNY is officially saying goodbye to Blackboard and transitioning to the new Learning Management System, Brightspace!

By Summer 2025, all Lehman College courses, whether fully online, hybrid, or in-person, will be taught through Brightspace.

Here are some important dates for you to keep in mind as we transition:

Fall 2024

- Courses Taught Through Blackboard
- Access and Training on Brightspace Begins. Get a head start!

Spring 2025

- Course Content Migrated to Brightspace
- Training Continues

Summer 2025

- All Courses Taught Through Brightspace
- Content Migration Continues of Older Courses, if needed

Fall 2025

- All Courses Taught Through Brightspace
- Access to Blackboard Winds Down with a final sunset of December 2025

Important Reminder:

If you need access to student assignments on Blackboard, they must be downloaded by December 2025.

Go to lehman.edu/brightspace for more information and to register for training workshops on Brightspace.
